INGREDIENTS SELECTED FROM THE FOLLOWING: Cereal Grains and By-products, Legumes and their By-products, Vegetable Protein Meals, Fats and Oils, Calcium Carbonate, Di-Calcium Phosphate.

PROUDLY MADE IN AUSTRALIA
USING INGREDIENTS SOURCED
FROM AUSTRALIAN FARMERS.

FEEDING GUIDE

Ensure birds have continuous access to feed – do not restrict consumption.

Self feeders designed for poultry are a good way to ensure feed is continuously available. Barastoc 3 Grain Scratch Mix may also be scattered liberally around the coop or yard to encourage natural foraging behaviour.

Ensure birds have access to clean, fresh water at all times.

Barastoc 3 Grain Scratch Mix has been developed as a supplementary feed. Ensure a Barastoc 'Complete & Balanced' feed such as 'Golden Yolk' makes up the majority of the birds daily intake to ensure a balanced diet. Other feeds such as green scraps, pasture and hay may also be fed, but only in small amounts.

This feed has been formulated specifically for animals as described on the package, or the label attached to the package, and must not be used for other species of animals.
